<b>Pre-Feasibility Assessment Fee</b>	GS Fee of 0.01 USD per credit for one year of expected average emission reductions **, to initiate the pre-feasibility assessment	GS Fee of 0.10 USD per credit for one year of expected average emission reductions**, to initiate the pre-feasibility assessment	GS Fee of 0.01 USD per credit for one year of expected average emission reductions**, to initiate the pre-feasibility assessment	GS Fee of 0.10 USD per credit for one year of expected average emission reductions**, to initiate the pre-feasibility assessment	GS Fee of 0.01 USD per credit issued for one year of anticipated average emission reductions**, to initiate the pre-feasibility assessment	GS Fee of 0.10 USD per credit for one year of expected average emission reductions**, to initiate the pre-feasibility assessment
<b>Micro-scale Project Validation Fee</b>	-	-	-	-	GS Flat fee of 5,000 USD, to initiate the internal validation	GS Flat fee of 5,000 USD, to initiate the internal validation
<b>Project Registration Fee</b>	-	GS Fee of 0.05 USD per credit for the anticipated amount of emission reductions certified after the 1 <sup>st</sup>	-	GS Fee of 0.10 USD per credit for the anticipated amount of emission reductions certified after the 1 <sup>st</sup>	-	GS Fee of 0.10 USD per credit for the anticipated amount of emission reductions certified after the 1 <sup>st</sup> verification of a

<sup>1</sup> Note that the fees provided here actually differ from the fees in the GSv1 VER Manual (but to the benefits of project developers).

\* Fee waived for Project Developers and Verifiers

\*\* If the emission reductions claimed for in the validated PDD are significantly different from the anticipated emission reductions at the time of submission for a pre-feasibility assessment, the difference will be charged at the time of submission for registration (initiation of the 6/8 week registration review period).

		verification of a minimum of one year of monitoring (anticipation of the first issuance fee), to initiate the 8-week registration review		verification of a minimum of one year of monitoring (anticipation of the first issuance fee), to initiate the 8-week registration review		minimum of one year of monitoring (anticipation of the first issuance fee), to initiate the 8-week registration review
<b>CER/ERU Issuance Fee</b>	GS Fee of 0.01 USD per label for the first 15,000 labels and 0.02 USD for the remaining labels, to initiate issuance ***	GS Fee of 0.05 USD per label, to initiate issuance***	-	-	-	-
<b>VER Issuance Fee</b>	-	-	Total of 0.15 USD, to initiate issuance  (0.10 USD per credit for GS and 0.05 USD per credit for Registry. ***	Total of 0.15 USD, to initiate issuance  (0.10 USD per credit for GS and 0.05 USD per credit for Registry. ***	Total of 0.15 USD, to initiate issuance  (0.10 USD per credit for GS and 0.05 USD per credit for Registry. ***	Total of 0.15 USD, to initiate issuance  (0.10 USD per credit for GS and 0.05 USD per credit for Registry. ***
<b>Micro-scale Project Verification Fee</b>		-	-	-	GS Annual flat annual fee of 2,500 USD; first fee within 9 months after registration	GS Annual flat fee of 2,500 USD; first fee within 9 months after registration
<b>Credit Transfer Fee</b>	Registry Fee of 0.01 USD per credit on all secondary transfers, charged to the seller on a monthly basis****	Registry Fee of 0.01 USD per credit on all secondary transfers, charged to the seller on a monthly basis****	Registry Fee of 0.01 USD per credit on all secondary transfers, charged to the seller on a monthly basis****	Registry Fee of 0.01 USD per credit on all secondary transfers, charged to the seller on a monthly basis****	Registry Fee of 0.01 USD per credit on all secondary transfers, charged to the seller on a monthly basis****	Registry Fee of 0.01 USD per credit on all secondary transfers, charged to the seller on a monthly basis****

\*\*\* The registration fee will be deducted from the GS fee 0.10 USD portion of the issuance fee; the Registry fee of 0.05 USD will always be assessed.

\*\*\*\* Transfer Fees only apply to transfers between Account Holders. Transfer fees are accumulated each month and a monthly invoice is created for the accumulated transfers. No Secondary Credit Transfer Fee will be charged to Account Holder unless, and until, the Secondary Credit Transfer Fees accumulated for that calendar year have exceeded the amount of the Annual Account Subscription Fee paid by Account Holder for that same calendar year.
